

Players List

This is a list of persons who have knowledge of the issues in the divorce. You MAY need these people or representatives from these entities.

If this matter goes to trial, who would you call to testify? What is your relationship with these witnesses and what would they say?

List first and last name, address, city, state, and what knowledge they have. If possible, give us their phone number as well. You can list them without the phone number, but without the other information, you cannot use them as possible witnesses.

You are probably hopeful that you will not need to call on them to testify, but you must disclose anyone who MAY be called, so list everyone you can possibly think of who knows you: family, friends, associates, clergy, financial advisors, household staff, anyone.
